

## Flight Times of Ohio Native Bees

Based on Genera, Groups, and Phenological Graphs from *Bees of Ohio: A Field Guide*

"Phenological Graphs: Flight times are noted by month, where darker months have more of that genus reported."

Sorted by earliest month of flight then peak month of flight

Compiled by Randy G. Litchfield (10.26.23)

Genus	Group	Flight Season											
		Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
<i>Andrena</i>	Mining Bee												
<i>Colletes</i>	Cellophane Bee												
<i>Osmia</i>	Mason Bee												
<i>Lasioglossum</i>	Sweat Bee												
<i>Bombus</i>	Bumble Bee												
<i>Eucera</i>	Long-Horned Bee												
<i>Nomada</i>	Colorful Cuckoo Bee												
<i>Augochlorella</i>	Green Bee												
<i>Ceratina</i>	Small Carpenter Bee												
<i>Sphecodes</i>	Sweat Bee												
<i>Hoplitis</i>	Mason Bee												
<i>Agapostemon</i>	Green Bee												
<i>Halictus</i>	Sweat Bee												
<i>Xylocopa</i>	Large Carpenter Bee												
<i>Augochloropsis</i>	Green Bee												
<i>Augochlora</i>	Green Bee												
<i>Chelostoma</i>	Thin Megachilidae Bee												
<i>Anthophora</i>	Digger Bee												
<i>Hylaeus</i>	Masked Bee												
<i>Megachile</i>	Leaf-Cutting Bee												
<i>Anthidium</i>	Wool Carder Bee

"Phenological Graphs: Flight times are noted by month, where darker months have more of that genus reported."

Sorted by earliest month of flight then peak month of flight

Compiled by Randy G. Litchfield (10.26.23)

Genus	Group	Flight Season											
		Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
<i>Holcopasites</i>	Colorful Cuckoo Bee												
<i>Heriades</i>	Thin Bee												
<i>Melitoma</i>	Round-Headed Bee												
<i>Coelioxys</i>	Leaf-Cutting Bee												
<i>Peponapis</i>	Squash Bee												
<i>Calliopsis</i>	Little Black Bee												
<i>Melissodes</i>	Long-Horned Bee												
<i>Triepeolus</i>	Variegated Cuckoo Bee												
<i>Epeolus</i>	Variegated Cuckoo Bee												

<i>Ptilothrix</i>	Round-Headed Bee												
<i>Xenoglossa</i>	Squash Bee												
<i>Paranthidium</i>	Yellow Block Bee												
<i>Svastra</i>	Long-Horned Bee												

A phenological graph was not provided for the following genera, only seasonal descriptions:

Genus	Group	Flight Season
<i>Habropoda</i>	Digger Bee	Early Spring
<i>Panurginus</i>	Little Black Bee	Spring
<i>Anthidiellum</i>	Yellow Block	Late spring to fall, primarily summer
<i>Stelis</i>	Yellow Block	Late spring to fall, primarily summer
<i>Melecta</i>	Digger Bee	May/June
<i>Perdita</i>	Little Black Bee	Late summer/fall
<i>Pseudopanurgus</i>	Little Black Bee	Fall
<i>Cemolobus</i>	Squash Bee	Summer
<i>Epeoloides</i>	Oil Cuckoo Bee	Summer
<i>Florilegus</i>	Long-Horned Bee	Summer
<i>Dieunomia</i>	Thick-Legged	Late summer to early fall
<i>Nomia</i>	Thick-Legged	Late summer to fall
